I had lunch with BG C. Norman Wood, Deputy Assistant Chief of Staff, Intelligence, USAF, yesterday, to catch up on what he has been doing since he left the PFIAB staff. Wood, as you are probably aware, has been on the job for about one month, the same length of time as Subject, his boss. Wood said that he is very comfortable with his duties: he knows the Community's leaders and looks forward to working closely with CIA.

Wood said he would like to come to Headquarters to meet people for briefings, etc., but felt that it would be better for MG Perroots to make the rounds first. Perroots has a lot of tactical experience, less strategic knowledge, and is a newcomer to intelligence. Wood thought that as Perroots is moving soon to head DIA, we might want to lay on briefings, and have him meet with the DCI, etc. Wood suggested that Larry Gershwin participate.
